

Shapes and Colors: Patterns

Now that you have learned about basic shapes and colors it is time to put them into use and make patterns!

A **Pattern** is a repeated shape or design.

It could be something simple, like two alternating colors:

Or more complex with many colors:

A pattern can even mix alternating shapes and colors:

Whether simple or complex, a pattern continues until it is broken:

Pattern Broken!

Your task on the next pages, is to identify the patterns and fill in the missing pieces!
